OUR FOOTPRINT

MIX Networks has partnered with Tier 1 Carriers **Level (3)**, **Verizon**, **Global Crossing**, and others to offer one of the largest DID footprints in North America. Available in most primary & secondary U.S.A. markets and select International markets, **MIX**

Trax DIDs enable companies to have a local presence in several different areas.

Ideal for Normal Business Use as well as Call/Contact Center, Political Polling, IVR, and other applications. **MIX Trax DIDs** are inexpensive and eliminate the need for local PRIs in multiple markets. **MIX Trax** are available with or without Directory Listing.

MIX TRAX OPTIONS

MIX Trax are available in Unlimited Inbound (for use with **MIX Trunx IP Trunking Services**) or Metered Inbound pricing options. Generous volume discounts available.

Please contact **MIX Networks** for more information and for Wholesale Pricing Inquiries at sales@mixnetworks.com

MIX TRAX SAMPLE USES

BUSINESSES

- Provide a Local Phone Number for clients or remote employees, eliminating long distance charges.

IVR SERVICES

- Provide multiple local phone numbers as access points for national/international projects.

CALLING CARD

- Replace Toll Free Access numbers with Unlimited Inbound local DIDs and avoid toll free per minute charges.

CALL/CONTACT OR POLLING CENTER

- Provide a local **MIX Trax DID** and eliminate long distance charges for callers.
- Display a local number when conducting outbound marketing campaigns. Several **MIX Networks** Call Center and Polling Customers have reported a **38-45 %** increase in pick-ups and call returns when a local number is displayed.
